MAY 10 - 12 2018

PROGRAM

# Carotid Wallstent™

**Da più di 15 anni nel mercato**

Nessuno può dichiarare di avere lo stesso successo  
con lo stesso prodotto da così tanto tempo

“Ad oggi solo il design a celle chiuse  
del Carotid Wallstent ha la tripla  
combinazione progettata per lo  
stenting carotideo sicuro  
ed efficace”

**NON SONO SOLO PAROLE  
NOSTRE. CHIEDILO  
AGLI ESPERTI**

- Più di 36.000 Stent impiantati
- Elevato successo tecnico
- Basso livello di complicanze
- Basso livello di restenosi
- La prima scelta tra gli stent
- Elevato numero di studi clinici a supporto
- Sicuro, affidabile e di facile utilizzo

WITH THE CO-OPERATION OF

**Associazione Amici del Cuore  
di Venezia Onlus**

**PRESIDENT**

Giuseppe Grassi  
Chief of Division of Cardiology  
Ss. Giovanni e Paolo Hospital, Venice

**SCIENTIFIC COMMITTEE**

Marco Barbierato, Mestre  
Giuseppe Marchese, Venice  
Leopoldo Pagliani, Motta di Livenza  
Giacomo Zoppellaro, Venice

**Città metropolitana  
di Venezia**

PATRONAGE REQUESTED TO:  
Veneto Region

UNDER THE AUSPICES OF:

Sezione Regionale Veneto

## FACULTY

## MISSION

Venice Interventional Cardiology (VIC) returns for its 3rd edition to bring to clinicians and surgeons the latest and more advanced endovascular techniques. In this edition the Symposium focus on the treatment of structural heart disease and brain-heart interaction in modern era.

We provide an update of the most recent clinical trials, challenging cases, tips and tricks.

The overall goal of the meeting is to share with Interventional Cardiologists, Cardiosurgeons, Neurologists and Neuroradiologists the new evidences about heart structural disease treatment, stroke endovascular treatment, complex cases, latest innovations in medical therapy and devices, comparing clinical, endovascular and surgical points of view. Innovation is our Tradition!

### PRESIDENT

Giuseppe Grassi

**THURSDAY, 10 MAY**  
**14:00 - 19:30**

14:00  
Opening Ceremony

Authority Greetings

**14:30**  
**Twenty years of antiplatelet therapy in Cardiology: from "aspirin" to new antiplatelet agents**  
**G. Pasquetto, Monselice**

**STROKE**

**15:00 - 16:15**  
**Session 1**  
**Cardioembolic stroke**  
Chairmen:  
**R. Bonmassari, Trento**  
**R. Manara, Salerno**  
**F. Rigo, Mestre**

15:00  
Atrial fibrillation, other arrhythmias and stroke  
**E. Bertaglia, Padua**

15:15  
Strategies to detect atrial fibrillation after stroke  
**S. Themistoclakis, Mestre**

15:30  
LAA Closure: rationale, indications and latest studies  
**F. Ronco, Mestre**

15:45  
LAA Closure: new devices and post-LAAC therapy in NOAC era  
**G. Molon, Negrar**

16:00 - 16:15  
*Comments and conclusions*

**16:15 - 17:15**  
**Session 2**  
**Cryptogenic Stroke**  
Chairmen:  
**G. Molon, Negrar**  
**S. Themistoclakis, Mestre**  
**A. Tonon, Venice**

16:15  
Embolic stroke of unknown source: current treatment  
**A. Adami, Negrar**

16:30  
Cryptogenic stroke and PFO: clinical trials and beyond  
**R. Bonmassari, Trento**

16:45  
PFO closure: tips and tricks  
**G. Rigatelli, Rovigo**

17:00 - 17:15  
*Comments and conclusions*

17:15 - 17:30 *Coffee Break*

**17:30 - 19:30**  
**Session 3**  
**Non vitamin K oral anticoagulants**  
Chairmen:  
**L. Pagliani, Motta di Livenza**  
**R. Quatralè, Mestre**  
**L. Roncon, Rovigo**

17:30  
When to start anticoagulation after a stroke  
**R. Quatralè, Mestre**

17:45  
Microbleeds and risk of hemorrhagic stroke  
**R. Manara, Salerno**

18:00  
How to minimize bleeding risk in patients taking NOAC  
**G. Zoppellaro, Venice**

18:15  
Anticoagulation in the fragile patient: therapeutic options  
**G. Vescovo, Padua**

18:30  
Differentiation of NOAC: from pharmacology to clinical practice  
**N. Ferri, Padua**

18:45 - 19:00  
*Comments and conclusions*

19:00  
**Lectio magistralis**  
**AF patient with high bleeding risk: LAAO or NOAC?**  
**V. Pengo, Padua**

19:30  
*Welcome Cocktail*

**FRIDAY, 11 MAY**  
**9.00 - 13.30**

## **AORTIC VALVE**

**9:00 - 10:15**  
**Session 4**  
**Aortic Valve Interventions (part 1)**

Chairmen:  
**G. Gerosa, Padua**  
**L. Favero, Treviso**  
**A. Ramondo, Vicenza**

9:00  
TAVI state of the art in 2018: current challenges and future needs  
**F. Ribichini, Verona**

9:15  
TAVI in lower risk patients: new aspects and potential pitfalls  
**S. Petronio, Pisa**

9:30  
Non trans-femoral accesses  
**C. Zanchettin, Mestre**

9:45  
The prosthesis technology is improving: latest evolutions and next steps to the future  
**M. Napodano, Padua**

10:00 - 10:15  
*Comments and conclusions*

10:15 - 10:30 *Coffee Break*

**10:30 - 11:45**  
**Session 5**  
**Aortic Valve Interventions (part 2)**

Chairmen:  
**M. Barbierato, Mestre**  
**D. Mangino, Mestre**  
**S. Petronio, Pisa**

10:30  
Multimodality imaging to plan the procedure and to predict TAVI outcomes: the different roles of echocardiography and angioCT  
**M. Barbierato, Mestre**

10:45  
TAVI early- and long-term complications  
**L. Favero, Treviso**

11:00  
Embolic protection and paravalvular leaks closure  
**A. Ramondo, Vicenza**

11:15  
TAVI: valve durability  
**C. Fraccaro, Padua**

11:30-11:45  
*Comments and conclusions*

**11:45 - 13:30**  
**Session 6**  
**Aortic Valve Interventions in challenging situations**

Chairmen:  
**M. Napodano, Padua**  
**F. Ribichini, Verona**  
**C. Zanchettin, Mestre**

11:45  
Bicuspid aortic valves: basic imaging evaluation and advanced flow analysis  
**D. Mele, Ferrara**

12:00  
Transcatheter intervention for bicuspid aortic stenosis  
**M. Barbierato, Mestre**

12:15  
TAVI for aortic regurgitation: to whom and when?  
**S. Saccà, Milano**

12:30  
Aortic interventions with concomitant coronary disease: functional evaluation and timing for PCI  
**F. Ribichini, Verona**

12:45 - 13:00 *Comments and conclusion*

**13:00**  
**Lectio magistralis**  
**Progresses in cardiovascular medicine in history**  
**G. Thiene, Padua**

13:30 - 14:30 *Lunch*

**FRIDAY, 11 MAY**  
**14:30 - 19:00**

## **MITRAL & TRICUSPID VALVES**

**14:30 - 15:45**  
**Session 7**  
**Mitral regurgitation & surgery**

Chairmen:  
**C. Di Mario, Florence**  
**G. Musumeci, Cuneo**  
**G. Pasquetto, Monselice**

14:30  
Primitive and functional MR: ESC vs AHA guidelines  
**F. Rigo, Mestre**

14:45  
Imaging for mitral intervention: patient-tailored reconstruction and 3D printing applications  
**D. Mele, Ferrara**

15:00  
Surgical repair VS replacement: different approaches for different patients  
**G. Gerosa, Padua**

15:15  
Minimally invasive mitral valve surgery: it's possible  
**L. Salvador, Vicenza**

15:30 - 15:45  
*Comments and conclusions*

**15:45 - 17:30**  
**Session 8**  
**Mitral valve endovascular interventions**

Chairmen:  
**F. Ribichini, Verona**  
**S. Saccà, Mirano**  
**L. Salvador, Vicenza**

15:45  
Percutaneous mitral edge-to-edge repair:  
MitraClip data and new applications  
**C. Di Mario, Florence**

16:00  
Other percutaneous mitral repair techniques:  
direct annuloplasty and more  
**L. Fiocca, Bergamo**

16:15  
Transcatheter mitral replacement:  
the next revolution?  
**G. Musumeci, Cuneo**

16:30  
Transcatheter mitral valve-in-valve and valve-in-  
ring implantation  
**A. Ramondo, Vicenza**

16:45 - 17:00  
*Comments and conclusions*

17:00  
**Lectio magistralis**  
**Functional anatomy of the mitral valve**  
**for the surgeon and for the interventional**  
**cardiologist**  
**C. Basso, Padua**

17:30 - 17:45 *Coffee Break*

**17:45 - 19:00**  
**Session 9**  
**Tricuspid regurgitation**

Chairmen:  
**G. Gerosa, Padua**  
**A. Pascotto, Mestre**  
**A. Ramondo, Vicenza**

17:45  
Criteria for intervention and expert consensus  
documents  
**F. Caprioglio, Mestre**

18:00  
The valve which nobody wants to treat: the  
surgeon opinion  
**D. Mangino, Mestre**

18:15  
Transcatheter tricuspid repair: MitraClip,  
Cardioband and dedicated devices  
**L. Fiocca, Bergamo**

18:30  
Transcatheter tricuspid valve-in-valve  
replacement: long-term follow-up  
**F. Ribichini, Verona**

18:45 - 19:00  
*Comments and conclusions*

**SATURDAY, 12 MAY**  
**9:00 - 12:30**

**ACUTE STROKE AND CAROTID DISEASE**

**9:00 - 10:45**  
**Session 10**  
**Acute stroke interventions**

Chairmen:  
**F. Grego, Padua**  
**G. Marchese, Venice**  
**A. Pacchioni, Mirano**

9:00  
The stroke network: out-of-hospital and in-  
hospital pathways  
**F. Causin, Padua**

9:15  
Technical aspects and possible complications in  
the stent retriever era  
**I. Linfante, Miami - USA**

9:30  
Optimal anesthetic management in mechanical  
thrombectomy  
**C. Maggiolo, Venice**

9:45  
Time is brain: how to speed up the workflow  
**E. Cagliari, Mestre**

10:00 - 10:15  
*Comments and conclusions*

10:15  
**Lectio magistralis**  
**Stroke: Update on the most recent**  
**randomized controlled trials**  
**I. Linfante, Miami - USA**

10:45 - 11:00 *Coffee Break*

**11:00 - 12:30**  
**Session 11 - Carotid artery disease**

Chairmen:  
**E. Cagliari, Mestre**  
**V. Dorrucchi, Mestre**  
**I. Linfante, Miami - USA**

11:00  
Update on carotid trials and latest guidelines  
**C. Cernetti, Treviso**

11:15  
Asymptomatic carotid disease: how to select the  
right patient  
**A. Pacchioni, Mirano**

11:30  
High risk carotid endarterectomy and the difficult  
neck  
**F. Grego, Padua**

11:45  
Endovascular interventions: choices of stent and  
cerebral protection  
**S. Saccà, Mirano**

12:00 - 12:15  
*Comments and conclusions*

12:15 - 12:30  
*Closing remarks*

## GENERAL INFORMATION

### CONGRESS VENUE

Centro Congressi Palazzo Franchetti  
S. Marco, 2847, 30124 Venice  
Phone: 041 240 7755  
[www.palazzofranchetti.it](http://www.palazzofranchetti.it)

### CONGRESS ORGANIZING SECRETARIAT AND CME PROVIDER

Adria Congrex srl  
CME Provider n. 1783  
Via Sassonia, 30 - 47922 Rimini  
Phone: 0541 305820 - Fax 0541 305842  
E-mail: [v.vicenzi@adriacongrex.it](mailto:v.vicenzi@adriacongrex.it);  
[booking@adriacongrex.it](mailto:booking@adriacongrex.it)

### LANGUAGES

Italian and English are the official languages. No simultaneous translation will be provided.

### CME

CME ID 1783 - 223039  
CME CREDITS: No. 11,2  
The congress was included in the Continuing Medical Education National Programme of the Italian Ministry of Health for the following disciplinary areas:

#### - Surgeon Doctor

Cardiology, Emergency and First Aid Service Medicine and Surgery, Internal Medicine, Sport Medicine, Neurology, Cardiac Surgery, Vascular Surgery, Neurosurgery, Anaesthesia and Resuscitation, Neuroradiology and General (Family Doctors) Medicine.

#### - Cardiocirculatory physiopathology and Cardiovascular Perfusion technician

#### - Nurse

### PARTICIPATION

Access to the congress and exhibition area is allowed with a regular subscription. The badge is a personal document and must be shown to authorized personnel.

### REGISTRATION PROCEDURE

It is possible to register online on the website [www.veniceinterventionalcardiology.com](http://www.veniceinterventionalcardiology.com) or <http://bit.ly/vic2018>

Registration includes:

- Access to scientific sessions
- Access to exhibition area
- Congress kit
- Participation certificate / CME certificate
- Coffee breaks, lunch
- Welcome Cocktail

### HOTEL ACCOMMODATION

For further information visit the website [www.veniceinterventionalcardiology.com](http://www.veniceinterventionalcardiology.com) or contact the Organizing Secretariat at the following e-mail address: [acxbooking@adriacongrex.it](mailto:acxbooking@adriacongrex.it)

### SLIDE CENTRE

Speakers must present themselves at the slide centre at least one hour before the beginning of the session to deliver their slides. The accepted formats are cd-roms and/or USB devices. During the whole congress a specific area for testing presentations will be provided.

### PARTICIPATION CERTIFICATES

Participation certificates will be sent by mail at the end of the congress to all registered delegates.

### INSURANCE AND RESPONSIBILITY

The Organizing Secretariat declines any responsibility for possible accidents not caused by its direct fault or negligence that could occur during the congress.

### VARIATIONS

The Organizers reserve themselves the right to bring all the required changes to the programme, which may be necessary for technical and/or scientific reasons.

### HOW TO REACH THE CONGRESS VENUE

Palazzo Franchetti is a Congress Center in the main island of Venice conveniently located in San Marco area, very close to the Accademia Bridge.

The venue is a walking distance from Piazzale Roma or alternatively it is easily reachable by steamboat. Line 1 and 2 depart from the ACTV bridge; they go along the Canal Grande and line 2 is slightly faster because avoids intermediate stops. Line 1 stops as follows: Ferrovia - Riva di Biasio - S. Marcuola - S. Stae - Ca D'Oro - Rialto - S. Silvestro - S. Angelo - S. Tomà - Cà Rezzonico.

The journey takes approx. 30 minutes. Once at the "Accademia" stop walk on the left of the Accademia bridge, cross the Canal Grande and you get in front of Palazzo Franchetti garden.

The Organizing Committee wishes to express  
its gratitude to the following Companies  
for the support to the Congress
